

PROGRAM UPDATES FOR 2021

SCORESM

CitySmart[®]

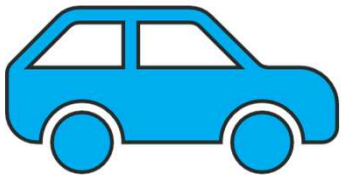

2020 Results

METRIC	GOAL	ACHIEVED	% TO GOAL
kWh	19,205,000	20,574,534	107%
kW	5,000	5,277	105%
Incentives	\$2,307,908	\$2,328,977	101%

Which equates to...

3,143

Passenger vehicles driven for one year

1,679

Homes' electricity use for one year

Participant Mix

2021 Budget & Goals

Demand Savings (kW)	Energy Savings (kWh/yr)	Incentives (\$)
4,600	17,900,000	\$2,107,908

- Over 200 projects already in the pipeline for 2021
- Over 50% of program incentive dollars already reserved for projects
- If you haven't submitted your projects, don't wait!

Important Information

- The CenterPoint inspection team will resume post inspections in 2021.
- Updated incentive rate – Renewables
- New LED fixtures are eligible for the higher LED incentive rate
- Retrofit kits and LED tubes (type-A and type-B) are eligible for the lower “lighting” incentive rate

New Measures

- Computer room air conditioners
- High volume low speed fans
- Demand controlled kitchen ventilation
- Commercial ice makers
- Computer power management (central control)
- Premium efficiency motors
- Central domestic hot water controls
- Thermal energy storage

2021 Incentive Rates

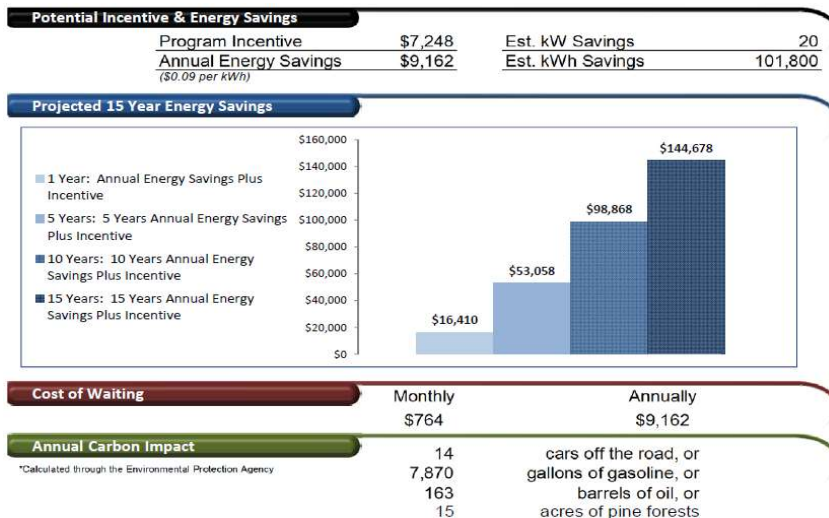

Measure Type	\$/kW	\$/kWh
Lighting - LED tubes, kits, CFLs, fluorescent, HID	110	.03
Lighting - LED Fixtures	180	.05
Cooling - DX Units	275	.09
Cooling - Chillers	325	.09
Motors	180	.07
VFD (retrofit only)	200	.06
Window Film (retrofit only)	180	.06
Refrigeration	220	.06
Food Service	220	.06
Roofing (retrofit only)	240	.09
Renewables - Solar & Wind	200	.02
Other/Custom Measures (M&V)	200	.07

Non-Cash Program Incentives

- Check presentations
- News articles highlighting success
- Energy performance benchmarking
- Energy master planning workshops
- Energy efficiency design guides
- Project identification and assessment

These programs are designed to help transform your organization by reducing the barriers to energy efficiency initiatives. Let us know how we can help you promote EE at your organization!

Team Update

CLEAResult®

Homar Suarez joins the CLEAResult team for 2021. His primary role includes working with partners to schedule and conduct pre inspections. Please join us in welcoming Homar!

Homar Suarez
Commercial Energy Auditor

Other Opportunities

- Retro Commissioning
- Commercial Load Management
- CoolSaver A/C Tune-up Program
- Power Alert Service
- Service Connect

Connecting YOU with Timely Information

Sign up TODAY for the Power Alert Service™!

Choose FREE* email, text and/or phone call alerts

- Quickly alerts you to power outages and other problems at or near your address
- Provides an estimated time that the problem will be fixed
- Advises you as we assess repairs and provides updates on any status changes
- Gives you peace of mind knowing that we are addressing the problem
- Notifies you when the problem has been resolved and tells you what caused the problem
- Proactively alerts you to significant events, such as weather, that may impact your electric service
- Lets you opt-out at any time

* There is no fee for the Power Alert Service. However, if you select SMS/text messaging notifications, then standard text messaging fees charged by your carrier may apply.

Phone call

Yes, I agree to receive electric operational notifications such as outages, energy emergencies, service order statuses, or any other information that may impact my service if such information is available from CenterPoint Energy via the notification method(s) I have selected. I acknowledge that if I elect notification by cell phone, my carrier's standard charges will apply. I also acknowledge that after receiving operational notification, I may receive an email or phone call invitation to provide feedback through a voluntary survey.

From: CenterPoint Energy
To: The Smith Family
We are aware of a power issue at or near 2111 Anystreet that is currently affecting 200 customers. We estimate that we will complete our repairs by 10:07 AM.
