

PROGRAM UPDATES FOR 2020

SCORESM

CitySmart[®]

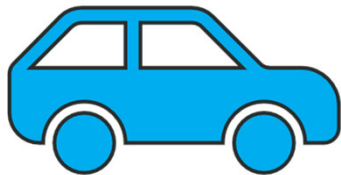

2020 Budget & Goals

Demand Savings (kW)	Energy Savings (kWh/yr)	Incentives (\$)
5,000	19,205,000	\$2,307,908

Which equates to...

2,883

Passenger vehicles driven for one year

1,567

Homes' electricity use for one year

17,773

Carbon sequestered by 17,773 acres of U.S. forests in one year

Important Updates

- New Incentive Rates
- New LED fixtures are eligible for the higher LED incentive rate
- General lighting, retrofit kits, LED tubes are eligible for the lower “lighting” incentive rate
- Type-B LED tube retrofits are now eligible
 - The existing fixture must include a clearly marked label which indicates it has been retrofitted
- Vision DSM database rollout planned for Q1. Will include new features that provide better project visibility for tracking

New Measures

- Computer room air conditioners
- High volume low speed fans
- Demand controlled kitchen ventilation
- Commercial ice makers
- Computer power management (central control)
- Premium efficiency motors
- Central domestic hot water controls
- Thermal energy storage

2020 Incentive Rates

Power Alert Service

Service Connect

Connecting YOU with Timely Information

Sign up TODAY for the Power Alert Service™!

Choose FREE* email, text and/or phone call alerts

- Quickly alerts you to power outages and other problems at or near your address
- Provides an estimated time that the problem will be fixed
- Advises you as we assess repairs and provides updates on any status changes
- Gives you peace of mind knowing that we are addressing the problem
- Notifies you when the problem has been resolved and tells you what caused the problem
- Proactively alerts you to significant events, such as weather, that may impact your electric service
- Lets you opt-out at any time

* There is no fee for the Power Alert Service. However, if you select SMS/text messaging notifications, then standard text messaging fees charged by your carrier may apply.

Alert me by:

Email

Text message

Phone call

Yes, I agree to receive electric operational notifications such as outages, energy emergencies, service order statuses, or any other information that may impact my service if such information is available from CenterPoint Energy via the notification method(s) I have selected. I acknowledge that if I elect notification by cell phone, my carrier's standard charges will apply. I also acknowledge that after receiving operational notification, I may receive an email or phone call invitation to provide feedback through a voluntary survey.
