

Put our **online application center** to work—submit your application, track your savings and more!

## Your Business Energy Efficiency Projects: Simplified

Take advantage of the tool that was designed to make your energy efficiency projects easier.

PECO's revamped online application center is faster, easier to use and it gives you an immediate estimate of incentives available for your projects. You can log on to:

**01** Complete your application and submit required documentation **all in one place**.

**02** Get an **immediate estimate** of your savings.

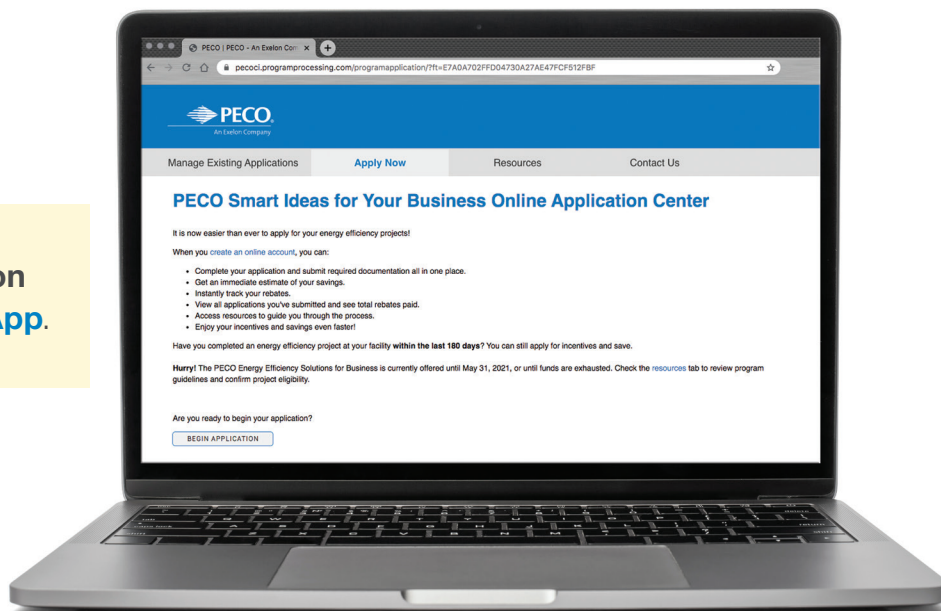

**03** Instantly **track your incentives**.

**04** View all applications you've submitted and **see total incentives** paid.

**05** **Access resources** to guide you through the process.

No matter when you're working—day or night—the online application center helps you claim your incentives and savings even faster!

▶ Check out the online application center today at [peco.com/BizApp](https://peco.com/BizApp).

PECO. The future is on.

# Have you completed a project in the last 180 days?

You can submit it for an incentive through our online application center.  
You have **180 days** from project completion to submit projects for an incentive.

For example:

| Date you completed your project |   | Date your final project application is due |
|---------------------------------|---|--|
| <b>February 6, 2020</b>         | = | <b>August 4, 2020</b>                      |
| <b>May 31, 2020</b>             | = | <b>November 27, 2020</b>                   |

▶ **Don't miss out!** Contact your outreach representative for more information and to discuss the details of any project. Or call **866-371-9343** or email [pecosmartideas@dnvgl.com](mailto:pecosmartideas@dnvgl.com).
